New England Hand Fellows Course Program Agenda

January 27 - Didactics and Low Fidelity Simulation

7:30 am **Breakfast**

8:00 **Introductions**

Distal Radius Fractures: Theory

8:15 **Essential Radiography of the Distal Radius**

8:35 **Forearm Function**

8:55 **Volar Plating: Pearls and Pitfalls**

9:15 **Fragment Specific Fixation of Distal Radius Fractures**

9:35 **Bridge Plating: Pearls and Pitfalls**

9:55 **The Approach to Complex Distal Radius Fractures/Radiocarpal Dislocation**

10:10 **Break**

Distal Radius Fractures: Practice

10:25 **Distal Radius Fractures: When to Do What?**

10:45 **Principles of Surgical Techniques (Volar Plate, Fragment Specific Plates, Bridge Plates, Adjunct Fixation)**

11:00 **Sawbone Lab:**
Volar Plates and Fragment Specific Fixation

12:10 **Lunch**

Distal Radius and Forearm Fractures: Problems

1:10 pm **Distal Radius Malunions/Nonunions**

1:30 **Distal Radioulnar Joint Reconstruction**

1:50 **Nerve-related Complications After Distal Radius Fractures**

Hand and Carpus Trauma: Theory

2:10 **Acute Scaphoid and Perilunate Fractures**

2:30 **Scaphoid Nonunion**

2:50 **Metacarpal and Proximal Phalanx Fractures**

3:05 **Break**

Hand and Carpus Trauma: Practice

3:20 **Sawbone Lab:**
Metacarpal and Phalangeal Fracture Fixation,
Ulnar Shortening Osteotomy, Aptis

Cases

4:05 **Case Presentations: Failures and Problems**

4:45 **Adjourn; Cocktail Reception & Dinner**

January 28 - Cadaver Lab

7:15 am **Shuttle Departs from Liberty Hotel**

7:30 **Breakfast**

8:00 **Surgical Exposures of the Hand and Wrist**

8:30 **Distal Radius Fracture Fixation**

9:30 **Ulnar shortening osteotomy,
Distal Ulnar Resection,
DRUJ Semiconstrained Arthroplasty**

10:30 **Phalangeal and Metacarpal Fracture Fixation
(Plates/IM Nails)**

11:30 **Atypical Procedures
(Wrist Arthrodesis, 4 Corner Fusion,
Hemihamate, etc)**

12:30 pm **Adjourn**

Download the
Surgeons App.
