

# Wrist Fixation System 3

We started the movement in  
wrist fixation.

*Ingenuity that never ends.*

more info

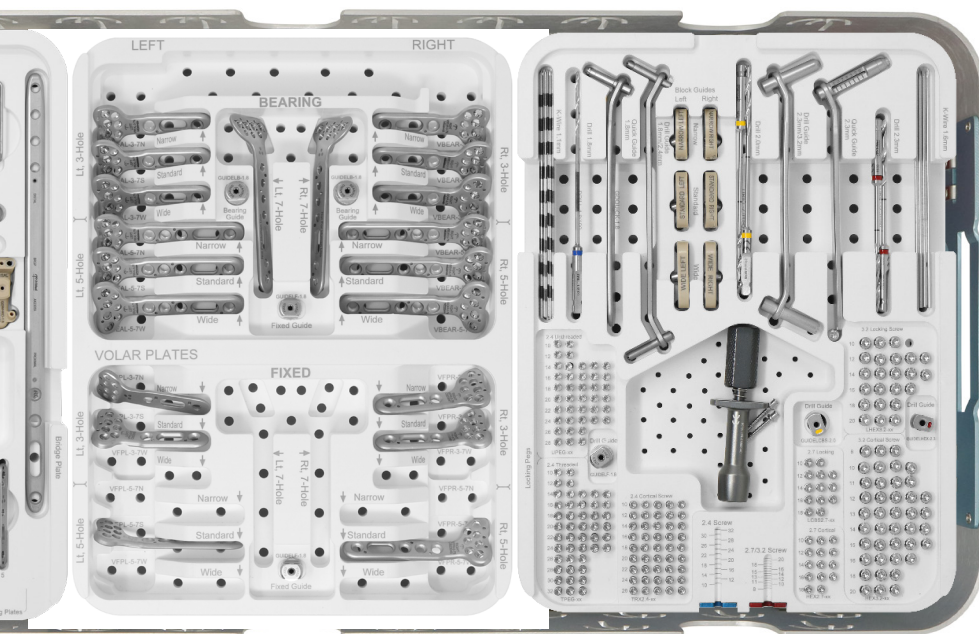

# Correct Coronal Malalignment in Seconds!

Restore radial length and close the DRUJ with the **Magic Screwdriver**.

See it in action

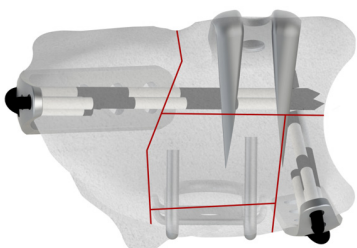

## More Intuitive.

Improved minimalist design featuring a more user-friendly layout to treat simple to complex wrist fractures.

- Radial Bearing Plates™
- Buttress Pins™
- Buttress Pins with Welded Washer™
- Pin Plates™
- Wrist Hook Plates™
- Radial Column Pin Plate™
- Bridge Plate™
- Radial Peg Plate™

## Nothing Beats the Original

Our unique set of implants rely on the Four Core Principles of Fragment Specific Fixation to address each fragile fragment without the need for thread purchase to create a load sharing construct.
